24 FEB 1972SITUATION INFORMATION REPORT

As previously reported, San Diegans in coming weeks will be petitioned to express their opposition to the presence in their city of the Republican National Convention next August. Not only will petitioners be asked to witness against the presence of the convention but will be asked to sign a "catch all" statement criticizing practically all of the imagined ills of contemporary society including environmental pollution, the oppression and economic exploitation of women, price and wage controls, crime, drug abuse, the war, etc. These petitions are being circulated in the San Diego area by the San Diego Convention Coalition, a recently formed group of radicals. It has been reported that in May one John Huyler, a former Navy pilot who is active in the coalition, will bring the signed petitions to Washington where he will confront members of Congress.

\*28 February, San Jose, California

Superior Court Judge Richard A. Arnason, has ordered the trial of Angela Davis, the black activist and acknowledged Communist, to commence on February 28.

*WASH Post 10 Feb. 72*

The hearing ended more than eighteen months of pretrial hearings. Miss Davis, a scholar and former philosophy instructor at the University of California, Los Angeles, will be tried on charges of murder, kidnapping and criminal conspiracy. *WASH. Post 10700.72*

Due to a recent decision by the California supreme court abolishing the death penalty, Davis was released on bail on February 23. Only \$2,500 cash was required and a surety bond of \$100,000. It has not yet been disclosed who put up the money or who has guaranteed the bond. Singer Aretha Franklin previously offered but the cash probably came from the CPUSA. In a similar case some years ago Eldridge Cleaver failed to appear in a California court on 23 December 1968 thereby forcing six supporters who had filed bail affidavits in Cleaver's behalf to forfeit the total sum of \$50,000. Included in the group who supported Cleaver were Godfrey Cambridge, the Negro comedian, Edward Keating lawyer and former publisher of Ramparts Magazine and Dr. Philip Shapiro, a San Francisco physician and an active supporter of the Black Panther Party. *SIR 20 Dec. 68 WASH Post 2-24-72*

CPUSA sources are already saying that American public opinion forced release, not a change in the California law. Davis is not expected to take flight immediately because of her probable intention of turning the trial into a radical circus. Past performance indicates, however, that a disappearing act can not be ruled out.
